

# PREVENTING CHRONIC DISEASE

## PUBLIC HEALTH RESEARCH, PRACTICE, AND POLICY

• INITIAL CHECKLIST FOR AUTHORS SUBMITTING MANUSCRIPTS •

- ☐ *Preventing Chronic Disease* is the only journal to which this manuscript (or one with essentially the same content) has been submitted.
- ☐ Cover letter discloses any and all conflicts of interest.
- ☐ If the manuscript is a report on original research, a statement indicating that the research was approved by the appropriate Institutional Review Board (IRB) is included in the cover letter.
- ☐ Manuscript conforms to requirements outlined in “Manuscript Requirements” at [www.cdc.gov/pcd](http://www.cdc.gov/pcd).
- ☐ Abstract meets word count requirements for manuscript type.
- ☐ All pages are double-spaced, numbered and justified left.
- ☐ All figures are in separate electronic files.
- ☐ Figure legends are at the end of the manuscript file, double-spaced and in Arial font (This applies to figure legends ONLY).
- ☐ All references conform to *Uniform Requirements for Manuscripts Submitted to Biomedical Journals*, published by the International Committee of Medical Journal Editors (ICJME, also known as the Vancouver Group).
- ☐ All financial support for the work is described in the article.
- ☐ Submitted manuscript has been seen and approved by all authors.
- ☐ All authors agree to order in which their names are listed in the by-line.
- ☐ All authors have agreed on who shall serve as corresponding author.
- ☐ The corresponding author agrees to review and proof the final manuscript.
- ☐ The corresponding author agrees to respond to news media inquiries.
- ☐ The corresponding author agrees to take responsibility for obtaining all written permissions required for final publication.
- ☐ All authors are aware that once the manuscript is submitted to *Preventing Chronic Disease*, its contents enter the public domain where copyright protection is not available.
- ☐ All copyright permission has been obtained for the use of art, tables or figures.

## PUBLIC HEALTH RESEARCH, PRACTICE, AND POLICY

• AUTHOR'S STATEMENT •

I have approved the final manuscript of the article entitled:

Manuscript Number: PCD - \_\_\_\_ - \_\_\_\_\_

I take responsibility for one of the following:

- ☐ The entire content of the article.
- ☐ A portion of the content of the article.

I fulfill the following requirements for authorship:

- ☐ I contributed substantially to the article's conception and design, **or** to the acquisition of data, **or** to the analysis or interpretation of data.
- ☐ I wrote or revised the article for important intellectual and scientific content.
- ☐ I reviewed the final version of the manuscript and approved the final version for publication.

I made the following specific contribution to the manuscript:

In addition, I certify to the following:

- ☐ All persons who meet the criteria for authorship listed above are listed as authors.
- ☐ This manuscript (or one with substantially similar content) has not been published elsewhere and is not being considered for publication elsewhere.
- ☐ I have agreed on the person named as corresponding author. The corresponding author has the authority to act on my behalf on all matters pertaining to publication of the manuscript, including final review of the manuscript and responding to inquiries from the news media.
- ☐ If requested, I will make available to editors and reviewers the material and data that support claims, conclusions, interpretations, and positions taken in the article.
- ☐ All financial support for this research is clearly disclosed in the manuscript.
- ☐ I have disclosed any conflict of interest as well as commercial affiliations, including employment, salary, consulting fees, honoraria, stock or equity interests, expert testimony, and intellectual property rights (patents, royalties, and copyrights).

Please indicate whether the article describes research on human subjects, including studies of medical records or analysis of human tissue or blood:

- ☐ The research involved human subjects.
- ☐ The research did not involve human subjects.
